

# Dear PS

# Caregivers,

**We are excited to announce that this school year, you will be able to track your student's bus journey through a smartphone app or website.**

In order to log into the app or the web app, you will need your New York City Schools Account (NYCSA) credentials - if you need support with accessing your NYCSA account, please reach out to

The NYC School Bus App is the latest development in a multi-year NYC Public Schools initiative to modernize NYC's school transportation system. We are pleased to now provide greater transparency into student transportation for caregivers and schools, as well as improve the efficiency of busing operations.

Instructions on how to download and use the app can be found on [schools.nyc.gov/SchoolBusApp](https://schools.nyc.gov/SchoolBusApp). If you have any questions about the app or would like to provide feedback, please reach out to

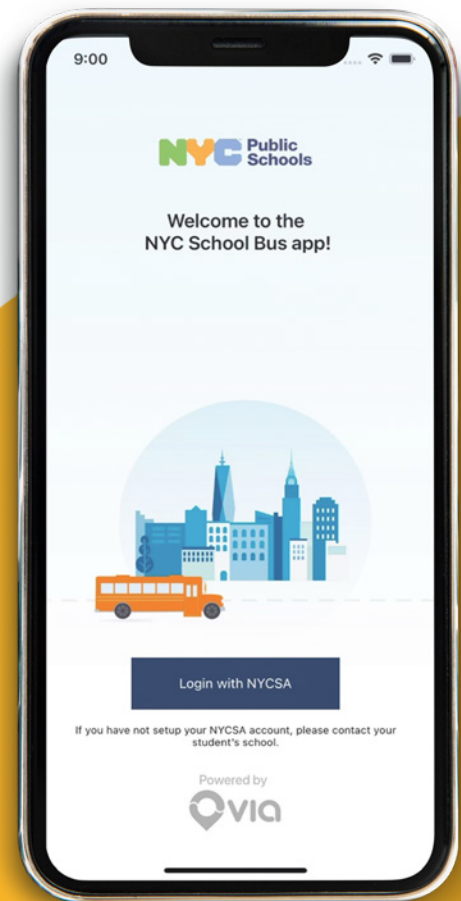

and they will support you!

We're looking forward to rolling this out.

**In partnership,  
NYC School Bus Project Team**
