

Eligibility Criteria for the Selection for Participation
in the School Based Virtual Learning Program

1. School submitted a complete application (linked [here](#)) for upcoming term or year.
2. School can demonstrate a clear ability to support virtual learning with their current technology (including LMS) and infrastructure.
3. School has a plan for pre-assignment and ongoing training consistent with the contract.
4. School has evidenced interest in virtual learning by students, families, and staff, and has engaged with the school community including union representatives.
5. School has articulated a plan in its application including the student programming model(s) and staff scheduling (examples linked [here](#)).
6. School commits to posting and staffing positions, using the centrally-created school-level job posting templates (linked [here](#)).
7. The School's proposed plan in its application and any subsequent changes to the plan must comply with and adhere to the CBA, SED regulations, IEP mandates, and Board policies.
